

NLGA RINGER BOARD FAQs

(updated June 20, 2020)

WHAT is a Ringer Board? The NLGA is once again excited to bring a new season of the “Ringer Board”, which is an ongoing scorecard of your best NET scores for each hole for the entire season.

WHERE & WHEN? Which games on the schedule will count towards the Ringer

Board? Only Tuesday morning league games played on **Hill** and **Valley** will be used. The chart shows the dates that your hole-by-hole scores will be collected for the Ringer Board. *(Please note: scores during Match Play games do NOT count towards the Ringer Board.)*

18 Hole League	9 Hole League
June 2 Hill/Valley	June 2 - Valley
June 9 Valley/Hill	June 9 - Hill
June 23 Hill/Valley	June 23 - Valley
June 30 Hill/Valley	June 30 – Valley
July 14 Hill/Valley	July 14 - Valley
July 21 Hill/Valley	July 21 - Valley
July 28 GB/Hill	July 28 - Hill
Aug 11 Hill/Valley	Aug 11 - Valley
Aug 18 Valley/Hill	Aug 18 - Hill
Aug 25 Hill/Valley	Aug 25 - Valley
Sept 1 Hill/GB	Sept 8 - Valley
Sept 8 Hill/Valley	Sept 22 – Hill
Sept 15 Valley/GB	
Sept 22 Valley/Hill	

HOW do I sign up? There is no need to sign up! As a member of the NLGA 18-hole or 9-hole league, you are automatically part of this season long competition.

HOW does it work? As in stroke play, count all strokes taken on each hole, and record your score on the scorecard. Your day’s team captain will submit the card to the Scoring Committee at the end of the round. You don’t have to do anything further. The Ringer Board scoring team will record your hole-by-hole score less each hole’s handicap strokes. That score will then be compared against previous round’s score, and the lowest score will be counted and recorded.

WHAT IF I don’t finish a complete round? If, due to weather or for other reasons, you cannot complete the entire round, the scores for the holes you did complete

will be considered towards the Ringer Board, as long as you have played at least 50% of your game (9 or 18 holes). You will have 12 to 14 opportunities to get the lowest score possible on each hole.

CAN I monitor my progress? Yes!! A Ringer Board chart will be available on the website to enable you to chart your progress. The posted charts will be updated within 4-5 days after play. Your best NET Score to date for each hole will be recorded. Scores of net par or better will be highlighted (i.e., you want to see your scores HIGHLIGHTED in the various colours!!)

HOW is a net score per hole calculated? On an 18-hole course, each hole has a rating of 1 to 18 in terms of difficulty (Stroke holes). However, when playing a combination of two 9-hole courses, like we do here at Nottawasaga, each hole of the 9-hole course has been rated 1 thru 9. Starting with the first 9-hole course played, alternate between both 9s to obtain stroke holes 1 thru 18. i.e., #1H = hole 5, #1V = hole 3, #2H = hole 7, #2V = hole 4, #3H = hole 8, #3V = hole 9, etc.

EXAMPLE:

PlayerA has a handicap of 12 and will get 1 stroke on stroke holes 1 thru 12.

PlayerB has a handicap of 17, and will get 1 stroke on strokes holes 1 thru 17

PlayerC has a handicap of 32, and will get 1 stroke on each hole, and an additional stroke on stroke holes 1 thru 14 ($18 + 14 = 32$).

PlayerD has a handicap of 42, and gets 2 strokes per hole, and an additional stroke on stroke holes 1 thru 6 ($18 + 18 + 6 = 42$).

Playing a Hill/Valley combo, Hill #4, a par 3, is the 15th stroke hole.

PlayerA gets 0 strokes; Scores 3; earns a net 3 for Net Par.

PlayerB gets 1 stroke; Scores 2; earns a net 1 for Net Eagle

PlayerC gets 1 stroke; Scores 3; earns a net 2 for Net Birdie.

PlayerD gets 2 strokes; Scores 3; earns a net 1 for Net Eagle.
